- ☀ Suitable for exterior use. Please check conditions about level of suitability and warranty per color.
- * Notice Colors: The basic HI-MACS® material is identical for every color but it is important to note that darker and more heavily pigmented colors will show dust & marks left by hard water and other ordinary wear and tear more noticeable than lighter textured colors.
- ≡ As Marmo is a randomly veined product, specific fabrication guidelines need to be followed. Ask our sales representative for more information.
- 💡 Lucent colors have a higher level of translucency, more evident when combined with light sources
- White and Black dots indicates the these colors also available 6 MM thickness as well.
